Re: Warrant Articles

Respective Boards,

I would like to have two warrant articles placed on the warrant for the town meeting this spring. One of the warrants will be to replace the 2005 Ford Crown Victoria. By summer this cruiser will have over 150,000 mile on it. I would like to replace it with a 2010 Ford Explorer 4WD. The cost is \$23,610.00 for the vehicle and I would like an additional \$3,500.00 added to the cost for incidental equipment for the cruiser not factored into the discounted price. For example (If a new cage is needed, new radio, new truck vault ect.). This would bring the total to \$27,110.00.

The other warrant article is would be for \$3500.00 to help fund the joint training of the Island Tactical Response Team. Last year we funded these expenses with the Community Policing Grant, however, the State is not offering that grant anymore. Presently we have three members of the department on the team and I act as the Team Leader for the team. This money will help offset cost associated with training and purchase of incidental equipment needed for our team members.

Respectfully Submitted,

Chief Brian A Cioffi
