To the Selectmen:

I have been an alternate on the Zoning Board of Appeals and would be happy to serve for another year. I attend site visits and ZBA meetings as much as possible, though I am away some (or particularly busy at work) particularly in the winter. Encountering different issues requires some time reviewing the by-laws. Chuck is very helpful pointing out pertinent information. I try to be an informed and attentive member of the board. It has been helpful to have three alternates as it seems that we rarely have a full board in attendance. Thank you for your time, Allison Burger
