Kevin Moran, Project Manager  
C. White Marine, Inc  
160 Sylvan St.  
Danvers, MA 01923

Dear Mr. Moran:

I have discussed, with William Austin, your request to be allowed to use welders not certified in Massachusetts, in the construction of the Menemsha Pier Connector. We decided that work by uncertified welders would be allowed if their welds are inspected and approved by a Massachusetts certified welder
