Subject: Fwd: Permits for Film Production / Menemsha / April & May 2012

Hello

My name is Diane Schoonover. I am working with a small group of film makers to produce a "short" this April & May. This is a non-union, non-commercial, privately funded project. One of the funding producers is a Martha's Vineyard resident who lives in Vineyard Haven. This is a comedy based show. Suitable for all viewers!

We would like to film in the streets of Menemsha over the course of 1 or 2 days.

Our current target dates for filming are: April 26,27,28,29 and May 3,4,5,6 (2012). We will be in other towns/ places on the Vineyard those days. I can provide exact dates for our desire to film in Menemsha as we iron out production details over the next 2 weeks.

I would like to request a filming permit application, or whatever paperwork deemed necessary by the Board of Selectman.

We will not have large film trucks or vans. Approx 2-3 cars (incl an SUV), and a group of 10 people or so.

We would like to be on the sidewalks in town, and also over near the docks.

Can you please let me know the correct procedure I should follow to handle this ?

Thank you very much !!!
