

To: Board of Selectmen
Fr: Beach Committee
Re: Lucy Vincent Beach
Dt: August 17, 2012

We would like to request to be on the Selectmen's agenda after our Beach Committee mtg. August 21st around 8:30 or 8:45 if possible.

The Beach Committee has received an informal proposal regarding possible solutions to addressing the aggressive erosion at Lucy Vincent Beach. Last winter the Beach Committee met two times with coastal geologists from the Woods Hole Group. We had site visits at Lucy Vincent & Squibnocket.

Enclosed is the email from Tara Marden coastal geologist/project manager from the Woods Hole Group

Thank you

Pam Bunker
Chairperson
Beach Committee
