RE: Lucy Vincent beach proposal

The Beach Committee feels that the Woods Hole Group would be the best company for completing Phase 1 in order to present to the Town what possible solutions can be sought to hopefully stall the breaching of the beach & the Chilmark Pond.
The Woods Hole Group's proposal is \$150.00 more than Shorefront Consulting but the Woods Hole Group has already visited the site on three separate occasions as well as Squibnocket beach to assess the erosion problem at no cost to the town.

Thank you
