---

Hi Tim,

Nice to talk with you!

Here's the quick over-view of what we're hoping to do at Tea Lane:

Island Grown Schools, the island's farm to school program, would like to host a small gathering for some of our donors to thank them for supporting our work, at Tea Lane Farm on Tuesday, August 18th from 4-6pm. We will serve some light hors d'oeuvres, iced tea and wine, and some of our high school students will speak about the impact IGS has had on them and their education experience.

There is no charge to attend, and the gathering will only be by invitation only, not publicly advertised. We expect 40-50 people will attend.

Krishana kindly offered to host this for us if the town felt comfortable with this use of the space.

Please keep me posted on if this would be okay or if there are any questions or concerns.

Thank you!

Noli
